RPM Enterprises

Manufacturers of Kennel-Gear and Piranha Lox
Ms. Christina Bukovac
Everett, Washington USA

“Innovation for better animal care is the single focus behind the development of **Kennel Gear™**. Our goal is to provide you and your pet with the highest quality product in an effort to promote better caring and treating of animals, to create a simple, safe, clean, and convenient environment.

“Kennel-Gear’s entire product line is based around their Piranha Lox mounting system which allows just about any item to be securely attached to most locations and then easily removed. Beyond bowls and pails, Kennel-Gear has a complete line of products that makes traveling and transporting animals more safe and convenient. With the use of our patented feeding and watering systems we will help make traveling a more comfortable experience for animals.

“For more information or questions about our product line please go to <http://www.kennel-gear.com>.”

2nd Quarter “Migrations” Articles & Advertising Now Due

Reminder—AATA’s 2nd quarter issue of “Migrations” will be distributed in May. Please send any pet or lab animal transportation articles to us as soon as possible in order to have them included in this issue.

Advertising space is also still available. The target audiences for this issue will be the pet and research animal industry suppliers, container manufacturers, transport companies and industry organizations as well as government agencies, animal welfare agencies and veterinarians. What a cost-effective way to reach thousands of readers! Please contact troy@tradespublishing.net to reserve your space now!

The deadline for reserving ad space or submitting articles is April 1 with all artwork required no later than April 10.
